

TUBE SQUARING SYSTEM PLANFIX 115 (OD 9.53 – 114.3mm)

The PLANFIX 115 is a high-performance lightweight tube squaring system with a high torque worm gear transmission and electric drive unit.

1.2.4005

Technical Data:

Tube size range	OD 9.53 – 114.3mm 0.375" - 4.500"
Wall thickness	max. 3.0mm
Electric drive	Single-phase AC motor
Main voltage (input)	220/230VAC (50/60Hz)
Power	1100W / 5.1A
Protection class	II
Built-in electronic variable cutting speed	0 – 144rpm
Weight	12.5kg
Feed with scale	

Package includes:

- Drive unit, tool hub and tube clamping mechanism
- Tool set
- 1 facing tool bit

TUBE SQUARING SYSTEM PLANFIX 115, 115V NEW!
(OD 9.53 – 114.3mm)
